HI, I'M MILO. 🐾 🐾

And before George notices I'm writing on his checklist... I should probably explain a few things. First of all, nobody wants to read a perfectly organized back cover. Second, George thinks every day should go exactly according to plan. Trust me. It doesn't.

One VERY strange Monday later...

- 🌿 Bathrooms become jungles.
- 🐶 Dogs become superheroes.
- 👻 Ghosts float through moonlit skies.
- 🍌 Flying donuts crash into chocolate pudding dreams.

Trust me.

It gets weird.

REALLY weird.

At first, George tries to fix everything. Then he tries to understand everything. Then he spends a whole week discovering that the world is a lot bigger, stranger, messier, and more wonderful than he ever imagined.

And somewhere along the way... he starts noticing things he was too busy worrying to see before.

Filled with hidden jokes, wild adventures, impossible surprises, unforgettable discoveries, and one extremely handsome dog (that's me), *George's Messed-Up Monday* is a story about friendship, growing up, and finding a little bit of magic in the unexpected.

Now if you'll excuse me... George just noticed I wrote all over his checklist. 🐾
